RAGGIO MD FACIAL PLASTIC SURGERY

FACIAL PLASTIC & RECONSTRUCTIVE SURGERY

(659) 272-0092 | raggiomd.com

Known for his modern approach and artistic precision, Dr. Blake Raggio is a double board-certified, fellowship-trained Facial Plastic Surgeon and founder of Raggio MD Facial Plastic Surgery, a boutique face-only cosmetic surgery practice in downtown Homewood. Dr. Raggio proudly offers Birmingham the latest advancements in Facial Plastic Surgery, including his signature extended deep plane facelift/necklift with fat grafting, and Turkish-influenced structural rhinoplasty.

Current Trends: Facial Plastic Surgery has come a long way—even just in the past few years. Here in Birmingham, we're proud to be leading the charge in the latest techniques for facelifts and rhinoplasty. At Raggio MD, our approach to facial rejuvenation centers on Dr. Raggio's signature facelift/necklift, a preservation extended deep plane approach, which lifts and repositions deeper tissues for natural, long-lasting results. For rhinoplasty, we focus on a Turkish-influenced structural technique that preserves and reshapes native cartilage—refining both form and function with precision and purpose.

Most Rewarding Aspect of Practice: The most rewarding part of what I do? It's seeing that moment when a patient looks in the mirror and finally sees themselves—just more refreshed, more confident, more at ease. Whether it's a rhinoplasty that brings harmony to their facial features or a facelift/necklift that helps them feel vibrant again, it's never just about the surgery. It's about helping people feel like the best version of themselves. That kind of transformation—it never gets old.

Motivation: My wife, Kristin, and our four kids absolutely are a big part of what drives me. She's not only my partner in life but also in the practice—running the show as a nurse and practice manager. Having a family has shaped how we've built Raggio MD: personal, intentional, and rooted in care.
